- **Mountain Records / Access Report, by George Christiansen:** During the last MCOMM Meeting, I recommended un-suspension of peaks along the Desert Divide. This was premature since, although the PCT has been opened, the area beginning 100 feet West of the PCT is still in the Cranston Fire Closure area, and this affects four of our peaks. As a result, the following were suspended again shortly after our last meeting:
 - 28C – Red Tahquitz
 - 28D – Southwell Peak
 - 28E – Ansell Rock
 - 28F – Apache Peak
- Area closure will most likely be canceled on July 31, 2019.
- Sam Fink Peak is not affected by the Cranston Closure Order, and remains open.

Mountain Records Report, by George Christiansen (continued)

- Remaining Suspended:
 - 6M – Hildreth
 - 18A – Santiago Peak
 - 18B – Modjeska Peak

- Programs, Michael Dillenback, William Chen, Aimee Shocket
