Hundred Peaks Section
Holds Annual Awards Banquet

The 40th anniversary of the first Hundred Peaks Section Annual Awards Banquet was held at Les Freres Taix restaurant. The restaurant served ninety two dinners, but a few more were present during the program.

The R. S. Fink Service Award was presented to Mars Bonfire. The John Backus Leadership Award was presented to Tom Hill. The Bill T. Russell New Leader Award was presented to Kent Schwitkis, and the Conservation Award was presented to Gabriele Rau.

Social hour began at 5 PM, and the crowd began arriving then. Items for the silent auction were placed on tables adjacent to the walls, along with the perpetual trophies and HPS merchandise. Pictures of HPS leaders, past and present, were displayed on the walls. In addition, the book containing signatures of those who achieved HPS awards was available for inspection and to add one's signature.

Dinner was served at about 6:30. Attendees had choices of grilled salmon, roast top sirloin, and a vegetarian polenta entree designed especially for our banquet by Taix, with the recipe provided to them by Laura Webb. During social hour and dinner, attendees inspected the silent auction items and made bids on all items.

Kathy Cheever dedicated the banquet to our members, past and present. A moment of silence was taken to remember those who had passed away since the last banquet.

After dinner, Kathy led the group through the ritual of achievements. Our newest achievement, the Explorer Emblem, had been achieved by one attendee: Bobcat Thompson.

Kathy made some brief remarks about events in 2004, and thanked the Management Committee who served with her. Wolf Leverich, incoming Chair for 2005, briefly discussed an agenda for 2005. He also presented Kathy Cheever with the Past Chair Award.

Kathy then presented the awards for 2004.

At this point Kathy turned the microphone over to Joe Young. Joe first paid homage to those HPS members who had passed away since the last banquet: George Pfeiffer, Tom Arneus, Paul Lipson, Ella Power Wheelock, Jack Goldberg, Les Stockton, Frank Goodykoontz, and Ray Riley. He then asked everyone to rise. Those who were members in (or before) 2000 were asked to remain standing; then those who were members in 1990 were so asked. And so on. Ultimately John Robinson stood as our most senior member present at this Banquet.

Joe invited members to relate stories from their early experiences with the Hundred Peak Section. First to speak was John Robinson. Speakers after John included Mary Ann Lower, Elizabeth Cohen, Brent Washburne, Duane McRuer, Bob Cates, Maureen Cates, Betty Stirratt, and Tom Armbruster. The last speakers were Diane Dunbar and David Eisenberg, who spoke of Frank Goodykoontz.

The program concluded at about 10:30, and Laura Webb distributed the silent auction bid sheets to the winners.

Details about the silent auction and pictures taken at the Banquet may be found inside this issue.

Good News and Better News
By Wolf Leverich

HPS starts 2005 awash in good news:

◆ We've got a large, stable membership.
◆ Our finances are stable.
◆ Our outings program is extremely strong.
◆ We've got many new "O" and "I" leaders earning their ratings.
◆ We have leaders working on "M" and "E" ratings and planning to lead mountaineering outings to our peaks.
◆ 20s & 30s Section leaders are doing provisionals and co-leading with us.
◆ A dozen or more members are earning their initial 100 Peaks emblem each year.

All that adds up to one simple fact: HPS is a healthy, vibrant organization.

Who's responsible for that happy state of affairs? All of us. Fifty years of folks having fun in our mountains.

So that's the good news. The even better news is that we can make HPS even more fun by doing simple things. Here are some ideas for leaders:

◆ Lead more hikes. 😊
◆ Lead varied outings: snowshoes, backpacks, mountain bikes, night hikes, pogo stick bounces, you name it. Get to the summit in unusual ways.
◆ Lead (and advertise!) a few beginner-friendly hikes.
◆ Lead some family hikes and picnics.
◆ Lead cross-over hikes with our sister climbing sections.
◆ Upgrade your skills and ratings, and lead some mountaineering outings.
◆ Encourage your participants to take LTP, and volunteer to co-lead provisionals.

And all of us, leaders or not, can do the following:

◆ Introduce a friend to hiking.
◆ Talk about hiking, and spread the word about how wonderful it is to travel through the wilderness.
◆ Think about taking leadership training (if you aren't already a leader).
◆ Get active in Angeles Chapter, and play a role in the Chapter's outings and environmental organizations.

The good news is HPS is a great organization; the better news is that we can make it even greater just by having fun. So let's get out and hike! See you on the trail, Wolf.

Nature Knowledge Workshop
Sponsored by the
Natural Science Section of the
Sierra Club-Angeles Chapter
June 10-12, 2005

Are you an avid hiker but are curious about the natural wonders around you? Would you like to know about the many inhabitants, both visible and unseen in the trees you walk under, how granite is formed, or what kind of mammal made the tracks across the trail? Or you may be an educator, hoping to glean more information about our mountain ecosystems to pass on to others in the classroom or on a field trip. The Natural Science Section of the Sierra Club's Angeles Chapter invites you to join us for a weekend of exploring, learning and enjoyment. The Workshop site is a resident camp near Barton Flats in the San Bernardino Mountains in a Jeffrey pine forest bisected by an alder-lined creek. Join over a dozen naturalists sharing their expertise in bird and mammal identification, geology, snakes, reptiles, insects and plant study. The Friday evening through Sunday afternoon program includes slow hikes with naturalists and afternoon and evening hands-on learning sessions. Dormitory cabins (bring your own sleeping bag), hot showers, and six hearty meals are provided in the cost. Leadership Training (LTC) credit is available for Angeles Chapter members. To register, send 2 large stamped self-addressed envelopes (or E-mail address), home & work phone numbers, names of ALL participants, and a check payable to "Sierra Club, NSS" for $128 with SC# / $135 non-member, to Reservationist: GINNY HERINGER, 245 San Miguel Road, Pasadena, CA 91105; 626-793-4727 Participants must be 15 years or older (under 18 accompanied by adult). Leader: LIANA ARGENTO, (310-370-2950; lianaargento@hotmail.com) Asst Leader: GABI MCLEAN (626-966-0580; gabi.mclean@verizon.net)

RESERVATION DEADLINE: May 22, 2005

Please fill out the form below and mail to Ginny Heringer, 245 San Miguel Road, Pasadena, CA 91105 along with check made out to "Sierra Club NSS" and 2 SASE's (or E-mail address).

Remarks of the Outgoing Chair
By Kathy Cheever

About 100 people attended the 2005 HPS Annual Banquet and about 100 people had a wonderful time!! Where were the rest of you? The food was delicious, the silent auction was very successful, and everyone was busy catching up, telling stories, and enjoying the camaraderie of HPS. The program consisted of several HPS members recalling memories and telling rather hilarious stories! We were in stitches much of the time!!

We started out the program remembering our beloved members who passed away this past year: Tom Ammeus, Jack Goldberg, Frank Goodykoontz, Paul Lipsohn, George Pfeiffer, Ray Riley, Les Stockton, and Ella Wheelock. They will forever live in our memories and HPS stories. "Only when you drink from the river of silence shall you indeed sing. And when the earth shall claim your limbs, then shall you truly dance. And when you have reached the mountain top, then you shall begin to climb." (from "The Prophet", by Kahlil Gibran)

As is our annual tradition, we went through the ritual of the "Recognition of Achievements". Most notably it was recognized that Frank Goodykoontz and Carlton Shay were not there to stand up for their outstanding achievements (Carlton has recently moved and was unable to attend the banquet). While Mars Bonfire was the last man standing for finishing the List an amazing 8 times, this achievement is shared with Frank and Carlton. Should they have been there, only Frank and Carlton would have been standing for number 9, and Carlton alone for number 10! And as for leading the List, David Eisenberg was standing alone for leading 2 times, but again this achievement is shared with Frank Goodykoontz. Should he have been there, Frank would have been standing for 3 and 4 times!!! Another worthy achievement. Dorothy Danziger was standing for finishing the List 4 times! Dorothy is the second woman recognized for this great accomplishment, sharing it with Terri Sutor who finished the list 4 times in November 1993. It's rumored that Dorothy is working on her 5th List finish. What an inspiration for all of us!! Watch out men! These boots were made for walkin'!!!

Join me with Congratulations and a standing ovation to our 2004 Award Recipients!

Gabriele Rau received The Conservation Award. This award recognizes outstanding contributions toward protecting and preserving the environment of the mountain areas of Southern California. Gabriele has been very active in trail building activities, especially with the Santa Ana Mountains Task Force. She consistently encouraged carpooling and other environmentally-friendly activities such as recycling, cleaning up trash found during hikes, "leave no trace" and encouraging the propagation of native plants. She is very knowledgeable about native plants and points them out on hikes, thus increasing awareness of the importance of their presence in the wild. As well as an active leader in HPS, she is also a very active leader for the Lower Peaks Committee and has also done a lot of organizing work for that group in areas considered environmentally-sensitive by other conservation groups so leading hikes to them helps to raise awareness of the beauty and importance of saving those areas.

Kent Schwikitsis received The Bill T. Russell New Leader Award. This award recognizes outstanding new leader. Kent started leading for the Sierra Club about four years ago, but has been leading other groups, such as the Boy Scouts, for much longer. He has been leading quite a few HPS peaks. He did Galena as a provisional (wow!), and will be leading it again later this year (look for it on the list of hikes!). He has been and will be leading several ambitious and interesting combinations of peaks over the next several months. He is very organized about his leading activities, plans them well ahead of time and in detail. His post-trip reports provide good information about peak or trail conditions for other leaders (and hikers) and he often shares pictures of his hikes. He is working on him M rating, and on leading the List.

Tom Hill received The John Backus Leadership Award. This award recognizes outstanding leadership on Section outings. Tom is and has been a prolific leader, known for helping stragglers get back to their cars -- in darkness (me being one of them) -- and, if necessary, he'll carry someone's pack (can't think of many who'd do that!). He's been former Chair of HPS and has served several years on MComm. As Peak Names Chair, he was responsible for making the name of Southwell official. He's a very active explorer of new and innovative routes to our peaks. (By the way he's found a pathfinder from Copter Ridge to Ross. WOW!) He's an active and inspiring HPS leader and also an active private leader who's working on leading the list! YO EEE YO Way to go Tom!!

Mars Bonfire received The R.S. Fink Service Award. This award recognizes distinguished service to the Section. Mars has been one of our more prolific leaders in the past, and is revving up for more in the near future. He has served several years on MComm and has served on the Nominations and Elections Committees. He is thoughtful in his approach to new ideas and always conscientious to the HPS purpose "to explore, enjoy, and protect the wild places of the earth; to practice and promote the responsible use of the earth's ecosystems and resources; to educate and enlist humanity to protect and restore the quality of the natural and human environment; and to use all lawful means to carry out these objectives."

He has helped countless others to reach their HPS goals. (There's a good many peaks I'd never have made without his patient help!) He's an inspiring and active mentor to new leaders, available to explore new routes and new approaches to old ideas. He's active with mountain biking and snowshoeing peaks, and although he says he's not keeping track, he probably holds the record for these!

Always encouraging others to explore and experiment, he remains very concerned about the safety and well-being of participants on his hikes and has quite a "following" of people who like to go with him on trips. In short, Mars was born to be in the wild!!! Look for his upcoming hikes!!!

Not a Leader Yet??

If you've enjoyed going on organized Sierra Club outings, you know the importance of the people who lead them. Without those leaders, there would be no hikes for the rest of us to enjoy so I hope you'll consider spending the small amount of time and effort it takes to become a Sierra Club leader so we can keep this wonderful program going!

The Leadership Training Program (LTP) is required for all levels of leadership and the Spring 2005 seminar is Saturday, April 2, in Costa Mesa. It provides trainees with the attitude, knowledge and skill essential to sound leadership of Angeles Chapter outings. The $25 fee includes the Leadership Reference Book, the all-day seminar and leader recognition patch with a certificate. Your LRB, pre-seminar exam and other information will be mailed 10 days prior to the seminar.

If you are interested in attending the April 2 seminar, send your name, address, phone, email address and check no later than mid-March to: Steve Botan, LTC Registrar, 18816 Thornwood Circle, Huntington Beach, CA 92646, email sbotan@pacbell.net, phone 714-963-0151.

If you are climbing any of the above peaks, please consider bringing a new register can and book. If you discover a peak which needs a new register can, please let me know by mail addressed to Jim Adler, 836 S. Mountain Peak Record Boxes

Among photographs of twenty-odd years ago is a peak picture of Mt. San Antonio with a group gathered about the new cast aluminum register box, the first of a series arranged for by our greatly-missed early member, Edgar Cook. Mrs. Elizabeth Cook remembers well "Cookie," a member of the executive committee, who climbed Baldy thirty-four times in all, laboring to establish a series of these handsome and enduring boxes. The materials furnished by the Southern Section, the design and labor by another executive committee member, Kasper Caspersen, who admits he made all seventy-five. Shortly after the installation on Old Baldy, boxes were placed on Islip, San Gorgonio and other peaks. Captain Kidd made many an expedition to help in this enterprise and perhaps it was he who drilled the necessary holes in the boulders on San Jacinto. In time the idea, the main design, and the designer-worker were taken over by the Board of Directors of the Sierra Club, among whom were Ernest Dawson (whose present illness we so deeply regret), and Phil Bernays. The legend on the later boxes does not of course refer to the Southern Section.

"Only the other day" D.D. Chalmers observed our box on Mt. Lassen, apparently in good condition, and possibly found his name recorded at the time of installation. Ellen Johnson remembers participating in a ceremony at Mt. Waterman. Lynette Legge, prize-winning marathon hiker a short time ago, recalls several, as does Josephine Spates and others. Recently Betty Robinson, asked to observe the box on San Gorgonio, reported the cover stolen and the register badly mutilated, possibly by the young adventurers who, we were told by the ranger, had painted the boulders red.

It is distressing to know of such conditions. However, in the June 1946 quarterly bulletin, we learn that the Mountain Records Committee is considering the replacement of registers and perhaps boxes where needed in the Sierra. How much has been done? Is there a box and a correct record on Thunderbolt Mountain in the Palisades region, with recognition of the discovery by Jack Bascom that it is the fourteenth 14,000-foot peak in California?

Since there are some two hundred peaks over 5000 feet in Southern California, the Hundred Peakers might turn in reports on the condition of registers and boxes in this region, even suggesting additional peaks which deserve boxes. And some energetic member from the south might serve on the Mountain Records Committee.

Meetings of the Management Committee

March 14 Monday These meetings will be held at the home of Winnette Butler, 1141 N. Columbus Avenue
April 12 Tuesday Glendale (818) 549 - 9686
May 10 Tuesday Meetings start at 6:30 PM
Our beloved Frank Goodykoontz, who led so many Sierra Club trips and most notably was the sweep who talked many an exhausted hiker up to the top of the peak when they “couldn’t go a step farther,” passed away on New Year’s Day. How many of us remember his encouraging smile, and how he would say, "It’s just like going uphill, isn’t it?" when our legs would be shaking and our blisters would be bleeding, and the elation when we hit the top. Too many people to count benefited from his efforts, making it not only to the top of peaks but finishing the HPS List. We all know how our adventures bond us together, and how our experiences transfer over into other parts of our lives; they are character building. Well, he was responsible for a lot of that in multiple participants on his hikes. He made a difference in their lives. I myself was mentored by him in the 90’s, leading many a long hike with him. It was he that suggested I become a leader in the first place. It was he that suggested I take WTC. It was he that took me out on many a dark night and taught me to navigate in the dark, but nobody could be the wizard he was at that.

Frank finished the HPS List for the first time in 1977 on Heart Bar Peak, and for the 9th time in 1995 - I believe that was on Rabbit Peak on a backpack led jointly by Frank, myself and Carlton Shay. He led the HPS List 4 times, the only person ever to do so. He received the following HPS awards: the John Backus Leadership Award in 1986, the R.S. Fink Service Award in 1990, and a special award, the Preeminent All Time Leader Award in 1999. He also received the Angeles Chapter Chester Versteeg Outings Award in 1994.

I personally believe Frank is off on the best adventure yet, and has now achieved his ultimate award. I am grateful to have known him and happy for him. Way to go, Frank! Your life was an inspiration to us all!
Advance Schedule of Hundred Peaks Section Activities
March 4, 2005 through July 26, 2005
By Karen Isaacson Leverich

Mar 4 Fri  HPS  New Outing not in Schedule
I: Cone Peak (6800+): Warm up for Saturday's outing Rosa Point ... or Cone's more traditional companion, Palm View Peak, on this combination trail hike/brush push/rock scramble. Something for everybody? Approximately 9 miles round trip, 2000' gain, slow pace. Email or SASE early to Leader: KAREN LEVERICH Co-Leaders: MARS BONFIRE, WOLF LEVERICH

Mar 5 Sat  HPS  New Outing not in Schedule
O: Palm View Peak (7160+): Moderately paced, 8 miles round trip, 1600' gain, mostly trail up in the Desert Divide area! Come enjoy this beautiful area and, when we get there, try and figure out why this one is called Palm View! Email Kathy during four days before event for status and details. Leaders: KATHY CHEEVER, MARS BONFIRE

Mar 5 Sat  Hundred Peaks, Desert Peaks
I: Rosa Point (5083+): Join us in this 14 mile, 4500' gain, desert hike. Moderately paced but strenuous hike on loose, steep terrain. Not recommended for beginners. Bring ten essentials, 4 liters of water minimum, snacks, lunch, and lugsoles. Gaiters are recommended for protection from abundant cholla. Send email (preferred) or SASE, with H&W phones, recent conditioning/hiking experience to Leader: WAYNE VOLLAIRE Assistant: KAREN ISAACSON LEVERICH

September 13 Tuesday Annual Business Meeting

January 21, 2006 Next year's Annual Awards Banquet

Zen Mountain Center
By Ingeborg Prochazka

Many of us are familiar with the option of hiking through ZMC property to get up to the Pacific Crest Trail for Antsell, South peak etc. If one pays attention, one will notice that there aren't any 'No trespassing' signs at the entrance gate. The only restriction posted says 'No hunting'. As a long time member of ZMC and as one of the original team members involved in the very early construction of the retreat center, I enjoy being there and I continue to be pleased by the progress the place is making. The abbot Charles Tenshin Fletcher, sensei, is a highly skilled carpenter. He has done most of the design and construction of the buildings on the grounds. The style is in keeping with Japanese Zen Buddhism tradition.

The Center is a retreat for people wanting to study Zen. They come for any length of time, a few days to a few years. There is daily meditation, service ceremonies, talks, and special events like yoga or women retreats.

During a recent hike I had a chance to talk with Tenshin sensei and I expressed my gratitude for making the center so open to us hikers, and to visitors in general. He mentioned that people staying at the center would really prefer to talk with the hikers, rather than us just quietly walking through. That, of course, is only preferred when there is no silent retreat (sesshin) going on.

So in exchanges with Wolf Leverich he suggested that it might be of interest to HPS folks to have a tour and a brief introduction to Zen Buddhism, combined with a joined hike of HPS and ZMC folks.

This event is now being scheduled for Sunday, April 24, 2005.

Please join us for the hike to Apache and Splitter, and for the ZMC tour.

Scenes from the Banquet
Dorothy, Mars and I opted for Deception, San Gabriel and Disappointment. The Mt. Wilson Road was closed, so we walked the short distance to 2N52, which had been plowed, but had snow and ice on it. There we put on our snow shoes and decided to try the JPL trail. The snow condition for snow shoeing was perfect. The many low-hanging branches, however, (heavily loaded with snow and ice), caused quite an obstacle. About 2/3 up the trail, we decided to scramble to the road. It had plenty of snow on it, so we continued with our snow shoes. At the beginning of the trail to San Gabriel Peak we found tracks of a hiker, but they disappeared halfway up. The bench on the summit was covered with a foot of snow, and the can I had placed in November (and Mars signed the registered just three weeks ago), was either gone or under 2 or more feet of snow. On Disappointment, too, we failed to dig out the can. Who thought we would ever do a 100% snow shoe hike to these low local mountains?

Ray Riley, long time HPS member and Angeles Chapter supporter, passed away on January 24, 2005.
