From the Chair

By Wayne Bannister

I am honored to have been selected by the HPS Management Committee to be the 2016 Chair. We are coming off a very successful banquet and are looking forward to a very active calendar of events. My first HPS Peak was on February 23rd, 2003. On that hike, Sharon Hechler asked me if I was doing the List. Naively I asked her, “what List?” After that first hike, I became addicted to the List. Through my quest to finish the HPS Peaks List I have visited places I would have never seen. I have hiked to peaks I thought were way beyond my capability. All the while making great friends. This year I would like to encourage more people to find that same sense of adventure that I found on my first peak on the HPS List.

The Annual Hundred Peaks Banquet is always a special event in my life. Everyone knows how much I love the mountains and the HPS peaks, but this year has been very different. I have another peak to climb which is not related to a mountain, but my ability to carry on the life that God has given me. I am so grateful for all my friends in HPS who have been so supportive and shown me the love and kindness to get through this year. My only hope is to be back hiking the peaks to finish my next list.

I was very happy to be present during the event and to able to enjoy the ritual of recognition of achievements, the presentation of awards and to listen to the speaker Bill Burke who has summitted Mount Everest from both the Nepal and Tibetan side.

Our group of seven hikers met at the Mobil Station, State Highway 79 near Butterfield Stage Road, Temecula. We then carpooled in to trail-head on Tule Peak Road following HPS Route One instructions.

Our hike was led by Sierra Club Leader Virginia Simpson, first descending onto an overgrown dirt road in a SSE direction across a low brush plain. The trail took us south to a rock and sand gully. That gully trail continued south, gaining a couple hundred feet of elevation as it passed a rocky, dry waterfall to an earthen dam. Here, an east-west jeep trail serves as an intersection between Beauty and Iron Springs Mountain.

We chose to hike Iron Spring Mountain first. Leader Virginia Simpson led us east along the jeep trail, then ENE through yucca and red shank brushy trails to a saddle below the peak. From the saddle we hiked up a rocky, brushy ridgeline trail to the rock-pile summit and signed the register. This trip marked a first for one of our group, Cyprus-born Christofores M. It was his first ever HPS peak! (photo below)

Due to high winds at Iron Spring summit, we descended to a lower protected spot for lunch break. Retracing our steps to the earthen dam, we then hiked west and south along the jeep trail from the dam. After a steep hike up the rutted jeep trail to a ridgetop, Sierra Club leader Bill Simpson led the group along a ridge trail to a saddle below the peak. From the saddle the group ascended a rock and brush trail to the summit. The peak register was present and signed by all. HPS peak #2 for Chris M.

After a photo and rest break on Beauty Peak, the group retraced the route downward with an eye on rapidly changing weather. Judging by the smiles all around, it was a good hike-day!

Thanks again Bill and Virginia. I look forward to your next hike.

THE NAVIGATION CORNER: VERIFY YOUR LOCATION

By Bob Myers, LTC Navigation Chair

The key to staying found is to engage in a verification process to confirm that 100% of the features on your topographic map match the features you see in the field. Too often, navigators attempt to convince themselves they are at the right location when only some of the features match.

During a recent navigation noodle in the Indian Cove area of Joshua Tree National Park, I was working with two experienced participants and gave them a point on the map to find in the field. They took me to a location that could not possibly have been the correct location.

The gully shown as Point A on the map below was our destination. The participants took me to the gully at Point B. Both were convinced they were at the right location.

Several times during the day I had reinforced the importance of all features on the map matching what they saw in the field. Therefore, I was puzzled by such a big error and decided they needed a tool to force them to match all the surrounding terrain with the map.

I drew a box on their maps and divided it into four quadrants, with the center placed on the correct location as shown below. To be at the right location, the features in the field have to
match the features on the map in all four quadrants – NW, NE, SW, and SE. In this example, the terrain in the SE quadrant should have been relatively flat and open if they were in fact at Point A.

By contrast, at Point B, the terrain to the immediate southwest was not flat and open but the slope of a rocky ridge.
The mistake made by the two Indian Cove participants is common. On numerous occasions participants fail to match all the features on the map with the features they see in the field. If you have had this problem in the past, I suggest you use the quadrant approach described above to verify your location.

**Upcoming Navigation Events**

We recently updated and finalized our remaining navigation events for 2016 as shown below. At all of our navigation events, we can work with beginners. No prior navigation experience is required. All are welcome!!!

Rideshare Points

There are no Rideshare Points mentioned in the Outings in this issue of The Lookout.

Note that new HPS outings are added to the online schedule of activities (OARS) all the time, often only a few days prior to when the trip is scheduled to occur. Ridshare Points that may be mentioned in those Outings posted on OARS, as well as most of the Angeles Chapter rideshare points (complete with directions and maps), can be found here:  http://angeles2.sierraclub.org/ltc_ridesharing

Several roads that we frequently use to travel to the trailheads have warnings that headlights must be turned on for daylight use. These include, but are not limited to, sections of the Angeles Crest Highway, Highway 138 near Wrightwood, and highways between Lake Arrowhead and Big Bear. Penalties for failure to observe this requirement are very expensive. Be Safe!! Don’t get a ticket! Turn on your headlights where required!

The following is a listing of all HPS Outings submitted and posted to the Angeles Chapter online Schedule of Activities (OARS) as of February 1, 2016. These outings cover the period ranging from March 5 through May 15, 2016. Note that new HPS outings are added to the online schedule of activities (OARS) all the time, often only a few days prior to when a trip is scheduled, so if you haven’t found what you’re looking for in this edition of The Lookout, be sure to check for newly added outings on the HPS online Schedule of Activities (OARS) frequently for last minute additions. The HPS OARS site is located here: http://www.hundredpeaks.org/outings.htm

And if you’re still looking for something other than what’s being offered on any given day on HPS OARS, check out the Angeles Chapter online Schedule of Activities (OARS) for a staggering selection of outings options offered by all of the various Groups, Sections, and Committees of the Angeles Chapter. The Angeles Chapter OARS site is located here:

http://angeles.sierraclub.org/activities

HPS outings are open to everyone; you don’t need to be a member of either the HPS or the Sierra Club to join us! However, to participate in an outing, you will be required to sign a liability waiver, which you can preview here: http://angeles.sierraclub.org/sites/angeles.sierraclub.org/files/docs/SignInWaiver.pdf

Unless otherwise indicated, contact the leader of the outing(s) you’d like to join for trip status and details. Leader contact information is included in this edition of The Lookout, as are directions to the rideshare points (if any) referenced herein.

**I: Sandy Point (7,062’), Last Chance Mountain (8,456’) –** #Hikethe100 Join us for a late autumn weekend in the Last Chance Mountains way up in northern Death Valley National Park near Scotty’s Castle, CA. Both peaks require a strenuous effort, which we’ll exert at a moderate pace, and will re-
quire comfort on rocky, thorny, steep, and loose class 2 desert terrain. Saturday we'll head south up a long ridge and enjoy fantastic views down into Eureka Valley as well as of the seemingly numberless peaks and ranges that surround us as we make our way to Sandy Point. We'll return the same way we came, with a brief diversion to the imaginatively named Peak 6277, for a day's total of about 11.0 RT miles with 2,700' of gain. Saturday night we'll camp out at the primitive and dry Eureka Dunes Campground and enjoy a festive Happy Hour and Potluck under star-packed, new moon night skies. Sunday we'll head up through the Pinyon Pine and Juniper filled slopes of Last Chance Mountain, upon whose summit we'll relish the superb views that can only be found atop P2K peaks. We'll return the way we came in for a day's total of about 5.0 RT miles with 3,000' of gain. Feel free to join us for one or both days. High clearance vehicles recommended. This is a DPS Outing co-sponsored by HPS. Email Mat Kelliher at mkelliher746@gmail.com with contact and carpool info, recent conditioning, and experience for trip status and details. May 11  Wed  Hundred Peaks

O: Stonewall Peak (5730’), Oakzanita Peak (5054’), Garnet Peak (5880’) - Join us for a fun day hiking these great peaks near Julian. Stonewall, in Cuyamaca Rancho State Park, is particularly fun, with stone steps cut into the final portion of its massive summit area, and fabulous 360 degree views. Stats: 12 miles, 2400' gain on trail and cross country. Bring lugsoles liquids layers and lunch. Tasty treats provided. Rain cancels. Contact leaders for meeting time and location. Leader: JIM HAGAR, Co-leaders: BILL SIMPSON, VIRGINIA SIMPSON

May 14  Sat  Hundred Peaks
**O: Bohna Peak (6760’), Sunday Peak (8295’)** - Join us for the HPS Spring Fling. Hike these two beautiful peaks near Lake Isabella at a comfortable pace. The total hike will be about 6.5 miles round trip with 2400’ gain on dirt road and lovely trails. Please bring liquids, lugsoles, layers, lunch and hat. Contact peterdoggett@aol.com for Saturday's trip details. Join us for Sunday's hike to Split & Black, too (Contact the HPS reservationist to reserve a spot at the HPS campsite.). Leaders PETER & IGNACIA DOGGETT

**May 14** Sat Hundred Peaks

**I: Onyx Peak #2 (5,244’)** - Come join us for this first day of the HPS Spring Fling on a wildflower-choked romp to a peak high above South Fork Valley on the east side of Lake Isabella. We'll do this steep, steep little peak (2 miles up with 2,300’ of gain) at an easy pace, but one that will allow us plenty of time to head over to our campground on the west side of Lake Isabella in time to get all set up for the Spring Fling Festivities. Well behaved dogs are welcome. Email contact info, recent experience, conditioning, and if you're bringing one along, your dog's name and breed to mkelliher746@gmail.com for trip status and details. Leaders: MAT KELLIHER, MIKE DILLENBACK, LILLY FUKUI, CHRIS SPISAK

**May 14** Sat Hundred Peaks

**2016 HPS Spring Fling** - Welcome in the return of longer, warmer days with a fun and festive weekend filled with outstanding peak bagging and an evening of partying in the Sequoia National Forest near Lake Isabella, CA. Camp with us at the campsites we’ve reserved at Pioneer Point Campground Saturday night, or stay in one of many motels in nearby towns of Keyesville, Lake Isabella, Wofford Heights, or Kernville, CA. Wherever you stay, everyone is welcome to join us for a hearty Happy Hour and Potluck Saturday night, along with lots of socializing and serious relaxing around a roaring campfire beneath the moon-lit starry night sky. Check the HPS website, the Lookout, or the Angeles Chapter Outings website for scheduled Spring Fling hikes, and contact hike leaders directly for information on specific hikes. HPS requests a $5 per person ($10 per family) charge to help defray campground fees. Reservations are on a first come, first served basis, so be sure to email the HPS Programs Committee reservationist at mkelliher746@gmail.com early to assure your spot!

**May 15** Sun Hundred Peaks

**I: Split Mountain (6835’), Black Mountain #5 (7438’)** - Join us for the second day of the HPS Spring Fling. To reach our first summit and its distinctive cleft appearance, we'll go from walking a pretty forested trail to weaving through some brushy terrain; then climb up and around a boulders-manzanita mix to spectacular views of the Kern River Valley and Lake Isabella. After a short drive to our second trailhead, we'll make a relatively short but steep ascent to our second summit amidst the magnificence of a forest verdant with lush ferns and beautiful trees. Join us for one or both peaks. The first peak is 8 miles rt with 2400’ gain; high clearance vehicles advised. The second peak is 3 miles rt with 1200’ gain. Please bring liquids, lugsoles, layers, lunch and hat. Contact peterdoggett@aol.com for trip information. Leaders PETER & IGNACIA DOGGETT
**O: Skinner Peak (7,120')** – Join us as we close out the 2016 HPS Spring Fling on this relaxed paced hike to a gorgeous peak in the southern Scodie Mtns east of Lake Isabella, CA. Expect lots of wildflowers and about 7.5 roundtrip miles with 2,150' of gain on trail and use trail. Well behaved dogs are welcome. Email contact info, recent experience, conditioning, and if you're bringing one along, your dog’s name and breed to mkelliher746@gmail.com for trip status and details. Leaders: *MAT KELLIHER, MIKE DILLENBACK, LILLY FUKUI, CHRIS SPISAK*

This year the Hundred Peaks Section will be holding the 2016 Spring Fling near Lake Isabella in the Sequoia National Forest on Saturday May 14 & Sunday May 15. We’ve reserved several campsites for Saturday night (May 14) at the Pioneer Point Campground located on the southwestern shore of Lake Isabella. The campground is equipped with toilets and potable water; each campsite has picnic tables and fire rings. For those who prefer not to camp out, there are numerous lodging choices in the nearby communities of Keyesville, Wofford Heights, and Kernville. From our campground, we’ll be centrally located to more than 20 North and South of Hwy 178 (HPS Areas 1 and 2).

After spending the day bagging peaks on one of the several outings that will be available, Saturday night we’ll all meet up at the Pioneer Point Campground to celebrate Spring HPS style with a big Potluck Happy Hour. There will be ample opportunity to socialize and hang out around a roaring campfire with old and new friends. Whether you’re camping out or staying in town, everyone is welcome and all are encouraged to attend. If you’re planning on camping out with us, note that HPS will be asking for $5 per person ($10 per family) to help offset campground fees, and be sure to make reservations in advance as spaces are limited. For questions, campground information, driving directions, potluck suggestions and campground reservations, contact the HPS Programs Reservationist, Mat Kelliher, at mkelliher746@gmail.com

At the time of this printing there are a few hikes scheduled; however, as we get closer to the event more outings are sure to be added. Make sure to check the HPS Website at http://www.hundredpeaks.org/outings.htm for newly added outings, or the Angeles Chapter online Schedule of Activities at http://angeles.sierraclub.org/activities to find specific outings to be offered. Once you’ve found the hike(s) you’re interested in attending, contact the respective outing leaders directly for status and specific details.
