Hello All HPS’ers!

Yes, Spring is almost here. Some of the poppy reserves are already opening up. I have also seen some really good pictures on our HPS fb page of many spring flowers. I hope you are getting out often to enjoy the outdoors.

Our **HPS Annual Awards Banquet** held on January 11, 2020 was really fun. I called us all “crazy peak baggers.” We like getting up early and coming home late just to climb some obscure peak(s) somewhere in Socal. The Banquet was well attended. David Harris, our speaker, was entertaining and had some suggestions on how HPS could be even more successful. Congratulations goes to all those that earned certificates and/or plaques. Also, thanks very much to all who helped make the Banquet a success. I hope that you all enjoyed the Banquet as much as I did.

Our next event is the **Annual Spring Fling** on May 30 & 31. It will be held again at the Keller Ski Hut in Big Bear. This is a really nice facility that we enjoyed last year. Check for more details in this Lookout.

Note that our **Waterman Rendezvous** is on June 27. See you all there.

At the **May 3, 2020, Angeles Chapter Awards Banquet**, Hundred Peak Section will receive the **Citation of Merit**. This is awarded to an Angeles Chapter entity for its help and support in Angeles Chapter activities and achievement of goals. This award is not often given out. We earned it. How cool is that! I am reserving a couple tables at the Banquet. If you wish to come, please contact me for details.

Happy Peak Bagging.

THE NAVIGATION CORNER:
MAP AS ART CONTEST WINNER

By Bob Myers, LTC Navigation Chair

In the November-December 2019 edition of *The Lookout*, I announced the “Map as Art” contest. We only had one entry by Dennis Loya and it is illustrated below. Dennis described his entry as follows: “The outline of the area is the shape of the entire Joshua Tree National Park, and the map is a blown-up area of the area of where 4377 is located. The medium is pen and ink, and pen acrylic paint for the red and blue topo symbols.” As the sole entry, Dennis receives a $50 REI gift card.

Upcoming Navigation Events

We started off the New Year with a big group at our Indian Cove Navigation Noodle. Our February Navigation on Snowshoes was well attended and all participants got the opportunity to try to hit me with snowballs.

Our next navigation noodle is at Warren Point on April 25-26, 2020. To sign up, please send your complete contact information (mailing address, telephone numbers) to me.

At all of our navigation events, we can work with beginners. No prior navigation experience is required. All are welcome!!

I welcome your navigation questions. Contact me at rmmyers@ix.netcom.com.
Rideshare Points

There are no Rideshare Points mentioned in the Outings in this issue of The Lookout. **I: Chaparrosa Peak (5541′)** - Join us for a hike in Pipes Canyon Preserve and its desert environs west of Yucca Valley. We'll hike via good trail surrounded by outstanding views: northeast, the marvelous mesas and distant mountains of the high desert; southeast, the superbly jagged Sawtooth Mountains; southwest, the San Bernardino Mountains and tall alpine forests standing in contrast to the shorter yuccas and plants which populate the preserve and echo the peak name. Please bring liquids, lugsoles, layers, lunch and hat. Contact peterdoggett@aol.com for trip details. Leaders PETER & IGNACIA DOGGETT, JIN OAK CHUNG

2020 Annual HPS Waterman Rendezvous - Hard to believe it’s already upon us, but sure enough, summer is here!! And along with summer come long days, warm nights, high altitude peaks to climb, and maybe best of all, the Annual HPS Waterman Rendezvous!! This year were holding the Rendezvous Saturday June 27, 2020. The idea is to have several hikes scheduled from different starting points converge on the summit of Waterman Mtn (8,038) at about the same time. Once on the summit we'll all spend some quality time enjoying the company of our friends, old and new alike, over a nice festive 1:00 pm pot-luck that we all contribute to and carry up to the summit with us. For general questions, contact MIKE DILLENBACK, HPS Program Chair, at dillyhouse@earthlink.net.

Dare to Lead!
Spring Leadership Training Seminar
April 18, 2020

Becoming a Sierra Club outings leader starts with curiosity and a love of the outdoors. What better way to step up and lead than by taking advantage of the training opportunities that the Angeles Chapter’s Leadership Training Committee provides each year?

As home to one of the largest outings programs on the planet, the Sierra Club Angeles Chapter’s many groups, sections, and committees sponsor thousands of trips ranging from beach barbecues to mountaineering expeditions. You can take the first step toward becoming a leader by attending a class offered on April 18th in Culver City. Deadline to register is April 4th.

The seminar covers all the basics of leadership. Experienced leaders will tell you how to plan a trip, prevent problems on the trail and make sure that everyone—including you—has a great time. They’ll also explain good conservation and safety practices. And they’ll give you tips for getting your “O” rating quickly and then, if you choose, pursuing more advanced ratings.

The all-day class costs $25. The application is on-line with other information at https://www.sierr_club.org/angeles/leadership-outings/leadership-training-seminar. And at this site: https://www.sierr_club.org/angeles/leadership-outings/angeles-chapter-leadership-training-program, you can learn more about the Leadership Training Program and view the LTC’s upcoming offerings, which are also on the Schedule of Activities page. Scholarships are available for those with financial need. Apply to LTC Chair Anne Marie Richardson

Sierra Peaks Section Banquet
By Mark S. Allen

What a delight to take in the Sierra Peaks Section Banquet, Sunday, January 26th, experiencing a great presentation given by two SPS members on climbing Denali! When considering these banquets, I always tell myself: “Don’t worry there is always someone in the crowd you have hiked with.” True to form, Jim Fleming, former HPS Chair is now SPS Chair. Mat Kelliher and his wife Tanya Roton were there, too!

The SPS Banquet took place at the Almansor Court, Alhambra. The speakers Alexander Smirnoff and Michael Chamoun hikes to Denali were at different times allowing the presentation depth when considering hikers, weather and trip planning. One group shopped for gear at home. One group bought gear in town before flying to the glacier. One group used sleds for transporting supplies, the other did not. Their back and forth, including questioning each other and eventual questions from the audience, brought us all up on the slopes with them! Finally, the question was asked of audience how many had hiked Denali. There were quite a few SPS members present who had accomplished the feat. In summary, a great presentation given by the Sierra Peaks Section of the Sierra Club.

There are several components or Sections of the Sierra Club on the Org’ Chart listed under Sierra Club, LA, Chapter. We like the mountains and focus on the SPS as well as HPS. Hikers like ourselves that are drawn to the magnificent Sierra Nevada Mountains. OK, so I hiked Mt. Whitney way back in 1973, ...returning with my two sons in ‘93. (In those days you could visit Lone Pine Ranger Station for permits. My eldest, Marky, was just then a teenager. I could see, in the corner of my eye, he shrugged when I got the permit!

All this, was a long time ago. Attending these banquets now allows me some interaction with the hiking community. I particularly enjoy being amongst those that have achieved so much in the Sierra Peaks of California.
It's rare when a leader appears in the HPS who has such a profound, lasting effect like Mat Kelliher. Russell, Backus, Fink, Bonfire, and Goodykontz are among those special leaders we remember and revere. Kelliher will be among those who future generations will honor. Mat has impressively worked for years, organizing, planning, and managing other’s HPS hikes as Outings Chair, while planning and leading many hikes himself. He has actively shaped our hiking history.

His work and interests have spread across several Sierra Club groups including Desert Peaks, Sierra Peaks, Lower Peaks, LTC, and WTC. He also loves collecting odd Peakbagger bumps along the way. He is part of outside rock climbing groups who tackle some challenging peaks. His greatest interest though, is his main hiking partner, his loving and very patient wife, Tanya Roton Kelliher. She keeps him pointed forward, and moving ahead.

Tanya was born in a beautiful, forested area of Vietnam. She came to the United States as a young girl, when she was about twelve. Tanya has two sisters who also live in California. Neither of them are hikers with the experience and skills she possesses. Tanya has worked on the HPS Election Committee for years, and assists in the Annual Awards Banquet.

Mat was born in Redwood City, California. The love for the outdoors was born in him. Mat’s parents met in Barstow, CA while his father was serving in the army. He has a brother who lives in Connecticut and is a music teacher.

Now, for the fun part — how they met! Not on a trail nor camp, but at work. They worked at the same company, but worked in different departments. Mat worked as a Field Geologist for an environmental consulting firm, and Tanya worked for the Chief Financial Officer (CFO) of the company. When he first laid eyes on her in 1994 he said to himself, “I can’t wait to get to know her.” He found many excuses to somehow run into her. His persistence worked.
Mat and Tanya’s first date was actually a hike (like so many of us)! They tried to do Strawberry Peak from Colby Canyon. They didn’t quite make it to the peak, but the bond was set. They seem to like hiking and camping together. They joined the HPS in 2008, a few months after they were married, and spent the following five years working their way through the List. Mat says he became interested in being a leader after a Sierra Club camping trip to Yosemite, led by Lilly and Chris, where we hiked to North Dome, among other hikes to granite domes in the high country. Mat did the cooking and provided fantastic camp food for everyone on that trip. The seeds were planted in him.

Mat led his “O Provisional” hike to Queen Mountain in Joshua Tree National Park in 2010. To enhance their outdoor skills, both Mat and Tanya took the Wilderness Travel Course with San Gabriel Valley’s Group 5. Mat joined the staff at Group 5 as an instructor after getting his “I - Rating” in 2011. In 2020 he became the Group Leader for Group 5, with Anne Mullins as the Assistant Group Leader. WTC activities are designed to be fun, yet challenge the participant to realize and improve their skills in group dynamics, rock climbing and bouldering, snow travel and camping, and other useful outdoor training. Understandably he feels these are things which are useful in a leader and that WTC training should become part of the requirements of the LTC, or Leadership Training Committee program. A thought that we echo. Mat has continued to work on his leadership skill rating and currently holds a “M - Rock” rating.

He continues to lead for HPS, working on completing ‘Leading the List’ for the first time. He is at around 225 leads. He also leads Lower Peaks, Sierra Peaks, and Desert Peaks hikes in his spare time. Mat likes to help other leaders progress, coaching them and going on their provisional hikes. Mat (298) and Tanya (297) finished hiking the List together in November 2013 on Five Fingers. This was a triple list finish as Keith Christensen (299) also finished that day. It was cool and blustery, but well attended by many with a nice celebration afterwards.

Mat’s achievements and awards are impressive and numerous. His value to the Section and the Club are recognized by many who appreciate his seemingly tireless work.

MAT’S ACHIEVEMENTS AND AWARDS:

- 100 Peaks Leadership Emblem 8 November 2015 Bertha Peak
- 200 Peaks Leadership Emblem 22 September 2018 Pinyon Peak
- Hundred Peaks Section Bill T. Russell New Leader Award 2011
- Angeles Chapter Outings Service Award 2015
- Hundred Peaks Section John Backus Leadership Award 2017
- Hundred Peaks Section R. S. Fink Service Award 2018
- Desert Peaks Section Service Award 2019
- Desert Peaks Section Leader Emblem #10 1 September 2019 Mummy Mountain, NV

In 2016 Tanya received a Hundred Peaks Section Special Service Award for her continuing work as elections Nominations Chair.

Mat continues to encourage new hikers and works to provide them safe and fun outdoor experiences. He reminds us to “be aware of where we are and what we’re doing when in the wilderness.”

Finally, Mat’s future goals besides finishing Leading the List, are “Doing more of the same.”
Iron Mountain (8007’)
By Mike Maki

This was the last peak we needed to complete our personal list of Los Angeles County 8K+ Peaks. Being it is also an HPS peak and considered one of the toughest, it was a good challenge to complete the list. Weather forecast was good, in the 50s on the summit with little to no wind in mid November. Early in the year we had been up to Bonita Peak. I remember looking up at Iron Mountain and thinking if we had started earlier it would have been tempting to continue on. Iron is a very picturesque and prominent peak reaching out to you along that southern ridge to head on up!

We parked at the East Fork Station parking area, and headed out about 6:30am. After a short walk down the road to the campground at Heaton Flat, the trail is a steady climb on a well used and maintained trail. Shortly after we arrived at the 3042 saddle, the trail soon enters the Sheep Mountain Wilderness. I cached a half liter bottle of water here and another about two miles further. They came in handy later! All along this section of trail we encountered fresh bear and mountain lion tracks. The trail here passes from one side of the ridge to the other passing over Bonita Peak, one of the Lower Peaks.

From here on, Iron Mountain is almost always in view. The trail now primarily climbs along the ridge, occasionally dropping some between the ridge bumps. The route is still easy to follow with some small sections a little overgrown. There are a few short sections that are quite steep and eroded but they don’t last too long and easy enough to get up. Hiking poles were very helpful, especially on the way down.

I enjoyed having the mountain in view most of the time as it gave me a sense of progress. As we continued to climb we encountered nice stands of conifers and manzanita, not to mention plenty of yucca as well. Nearing the summit the trail was still easy to follow and with the grade of the climb flattening out and we were soon on top with the familiar steel post and W15 triangle sign. We arrived at about noon, well Mary did, I’m usually not too far behind. We spent close to an hour on the summit. The views from Iron are fantastic. Very much a middle of the San Gabriels peak. The trip down was a little faster than going up, but we still finished the last half hour or so using headlamps.

Having the reputation as one of the harder hikes in the San Gabriels with its 6000 feet of elevation gain and 14 miles round trip, Iron Mountain is a great hike. If the weather is good and you prepare it is one of the best hikes in the San Gabriels. After hiking Baldy a couple of weeks before it was a pleasure to be the only ones on the mountain!

On Saturday February 15th fourteen friends joined me for my San Diego Peaks Club list finish on Grunt BM in Anza Borrego Desert State Park. When I retired my vision was to complete the Sierra Club San Diego County 100 peaks list while I was still young enough to do it. I live in San Diego County so that list was a must. But as I was working my way thru the SD-100 list my good friend Paul Freiman passed away. After his passing I decided that I must also at least attempt to complete the San Diego Peaks Club list (SDPC). This was necessary because this is Paul’s list, as he is the creator of the SDPC. I needed to do this because I had decided that I would place a memorial register atop all the peaks missing a register. As a result the following peaks now have a memorial register, or at least they did after my climb. Mt. Gower, Piedras Grande, White BM, Viejas Mtn, Mt. Tule, Whale Mtn, Split Mtn West, Morena Butte, Sheephead, Buckman BM, and Cuyapaipe. I want to thank Jim Wick, Matt Hannan, Neal Matthys, Carol Jean, Mark Adrian, John Strauch, Richard Carey, Jim Leckie, Maurice Hogue, Greg Risen, Nelson Peacock, Susan Smith, John Allen and Chuck Ramm for joining me and celebrating my list finish. Also sadly and most importantly I need to thank Paul for getting me up on the peaks that he loved. RIP good buddy.

During the SDPC days Paul had asked a few of the club finishers to submit their five favorite adventures on the list. Following is Paul’s statement of his five favorites, a list of seven as he couldn’t pick just five. Keep in mind when you read his Pinyon Ridge statement that at the time the San Diego Sierra Club hikes were all on trail with no off trail adventures. The SD-100 list did not exist back then and when it was created Paul’s list was used as the basis for the list.

Thimble Loop. I led the first SDPC hike to this spot. The loop begins by bagging the Thimble, a rock dome near Ranchita. I continue the hike by orienteering to benchmarks around Hellhole Canyon. Very exciting!

Morena Butte. My favorite non-desert hike. On the peak are three distinct vista points. As you hike up from the dam, the first glimpse of the butte’s huge granite slab will take your breath away.

Puff. Shoot the best photos of the Goat Canyon trestle in Carrizo Gorge from this peak. Every photographer should come here.

Split Mtn-West. I can’t believe I’m on Planet Earth while hiking down Oyster Shell Wash on the return trip.

Red Top and Sawtooth. No one else leads these hikes. We’ve bagged Red Top from McCain Valley and Agua Caliente. Magnificent adventure.

Mile High-Rosa-Pyramid. A great 12 hour trip at the end of the Santa Rosa Ridge.

Pinyon Ridge (BM Wilson). Surprised to see an easy hike on my list? I like this one as the perfect “Sierra Club type” hike.

Please let us know if you will be staying at the Hut. There is no charge for HPS members or $15 for non-members. Please pay at the event. Further details will be provided later. Hope to see a large turnout!

As we get closer to the event, HPS outings will be posted. Hard to believe it’s already upon us, but sure enough, summer is here!! And along with summer come long days, warm nights, high altitude peaks to climb, and maybe best of all, the Annual HPS Waterman Rendezvous!! This year we’re holding the Rendezvous Saturday June 27, 2020. The idea is to have several hikes scheduled from different starting points converge on the summit of Waterman Mtn (8,038’) at about the same time. Once on the summit we’ll all spend some quality time enjoying the company of our friends, old and new alike, over a nice festive pot-luck that we all contribute to and carry up to the summit with us.

Be sure to check the online HPS Outings schedule http://www.hundredpeaks.org/outings.htm for hikes as we get closer to the date.

For general questions, contact Mike Dillenback, HPS Program Chair at dillyhouse@earthlink.net or Aimee Shocket at aimeehps17@gmail.com
